

## ENGLISCH BHS

### Situation

The theme of this year's European Youth Conference is *'Moving ahead and keeping the balance'*. Young people from around Europe have been invited to attend the conference and present their ideas. There is a limited number of spaces, so young people who are interested need to take part in an online selection interview.

In this interview they have to give a short presentation, followed by a short discussion with a jury member. The most interesting candidates will be chosen to present their ideas at the conference. You have decided to take part in the selection interview.

### Task 1 - Presentation (5 minutes)

- Present aspects that contribute to a successful life balance (attachment). Add any aspects that are missing in your view.
- Explain which of these aspects are particularly relevant for young people.
- Speculate how young people can achieve a healthy balance in their lives.

### Task 2 - Dialogue (5 minutes)

One member of the selection committee (talking partner) will start a conversation about some other aspects of the topic. Listen carefully and discuss the questions with her/him.
